Can i control my panasonic tv with my iphone

TV Remote 2 lets you comfortably operate Panasonic flat-panel VIERA TV.TV Remote 2 app lets you comfortably operate Panasonic flat-panel TV, 2011/2012/2013/2014/2015/2016/2017/2018 VIERA with iPhone, iPod touch, iPad, and iPad mini (iOS devices).The TV Remote 2 app lets you control VIERA over wireless network (Wi-Fi) more intuitively than the ordinary remote controller. The TV Remote 2 App also lets you transfer pictures, videos, music or websites from iPhone/iPod touch/iPad/iPad mini to VIERA TV, and vice versa by "Swipe&Share" function. In order to use the TV Remote 2 app, all you need is to simply install the app to your iOS Device. There is no complicated setting required to establish connection with VIERA. Give it a try. This app has been updated by Apple to display the Apple Watch app icon.Bug fix The developer, Panasonic Holdings Corporation, has not provided details about its privacy practices and handling of data to Apple. The developer will be required to provide privacy details when they submit their next app update. TV Remote 2 is a TV control application for enabling easy operation, setting and sharing the contents with the Panasonic VIERA TV.Install TV Remote 2 in your iPhone / iPod touch / iPad, connect it via Wi-Fi to the home network to which the VIERA TV is connected, and then you can use the device as a dedicated remote control and also enjoy various link operations. *1 Operating environment: iOS7 or later of iPhone / iPod touch / iPad *2 Depending on VIERA's model, some functions are not supported. *3 For how to connect the VIERA TV to the home network, see the operating instructions of VIERA TV. *4 For information about wireless LAN router, see Wireless LAN Information of VIERA. LICENSED APPLICATION END USER LICENSE AGREEMENT Configuration described as below is necessary before using TV Remote 2 The displays and wording may differ depending on your devices. Connect the VIERA TV to the wireless LAN router via LAN cable or wireless LAN, and make the network setting of the VIERA TV. For more information about network connection and setting, see the operating instructions of VIERA TV. Make the Wi-Fi setting of iPhone / iPod touch / iPad and connect it to the wireless LAN router. Turn Wi-Fi "ON". Select the wireless LAN router (SSID) to which your VIERA TV is connected. If the password entering screen for the wireless LAN router appears, enter the password. Connection has been established if the Wi-Fi antenna icon is displayed. For information about SSID and password of wireless LAN router, see the operating instructions of wireless LAN router. Make sure that the VIERA TV and iPhone / iPod touch / iPad are connected to the home network. * Check that the address is the same as the LAN address of the wireless LAN router. Make sure that the "TV Remote" of VIERA TV is set to "On".(Network > TV Remote App Settings > TV Remote) For more information about the setting, see the operating instructions of VIERA TV. To use the functions of TV Anywhere (TV Anytime), make sure that the "TV Anywhere (TV Anytime)" of VIERA TV is set to "On".(Network > TV Anywhere (TV Anytime) Settings > TV Anywhere (TV Anytime)) For more information about the setting, see the operating instructions of VIERA TV. The displays and wording may differ depending on your devices. Tap the TV Remote 2 icon to activate the application. Select the desired VIERA TV from those listed in the Device Selection screen. Available VIERA TVs are automatically displayed. my Home Cloud-incompatible VIERA TV connected to the home network. my Home Cloud-compatible VIERA TV connected to the home network. my Home Cloud-compatible VIERA TV that was once operated via home network connection. This icon is displayed when the iPhone / iPod touch / iPad is outside the home network area, such as being away from home.When you select this VIERA TV, only the my Home Cloud function is available. The displays of iPad may differ but you can operate it in the same manner. Functions unusable in your VIERA TV are not shown in the side menu, or the icons are not displayed. By entering Panasonic ID (Email Address) and Password you have set on the VIERA TV, you can access the my Home Cloud and use some TV functions (checking EPG, watching the live TV programme / recorded TV programme, setting timer recording, etc.) from iPhone / iPod touch / iPad.Once you select your VIERA TV on the Device Selection screen, you can use this function from outside the home network area, such as being away from home. Set Panasonic ID (Email Address) and Password on the VIERA TV before using this function.(Network > my Home Cloud Settings) When using this function from outside the home network area, such as being away from home, communication is made via the Internet. Accordingly, both the VIERA TV and iPhone / iPod touch / iPad needs the Internet connection environment. This function may not be available depending on the network environment. You can operate the VIERA TV with touch-pad just as using a mouse.Remote control operation is also possible by tapping an on-screen icon.If your VIERA TV is compatible with Voice Control, a microphone icon will appear. Tap the icon to control with voice from the iPhone / iPod touch / iPad. When a cursor is displayed on the VIERA TV Swipe freely with a finger for moving the cursor Tap with a finger for left-click When a cursor is not displayed on the VIERA TV Swipe up / down / right / left with a finger for moving up / down / right / left Tap with a finger for entering the selection Swipe up / down with two fingers for channel up / down Swipe left / right with two fingers for switching the input Circle with two fingers for volume + / - Pinch out / pinch in for muting Tap an on-screen icon to control the VIERA TV in the same manner as a remote control. Swipe right / left to switch the display. When the VIERA TV shows a text input screen, the display of iPhone / iPod touch / iPad automatically changes to the Keyboard screen allowing you to input text just as when writing an e-mail. When a game application is activated, the display of iPhone / iPod touch / iPad automatically changes to the Gamepad screen enabling you to smoothly operate a game in Apps, etc. Photo and video contents captured with iPhone / iPod touch / iPad can be played or copied on the VIERA TV.Music contents provided by iTunes can be played on the VIERA TV. (Some contents may not be played.)It is also possible to play or copy the contents of VIERA TV on the iPhone / iPod touch / iPad. Device selection Select the device that contains the desired content. Contents selection screen Display the content to play or copy. Play / Copy The Web page currently displayed on the iPhone / iPod touch / iPad can be displayed on the VIERA TV.It is also possible to display the Web page currently displayed on the VIERA TV on the iPhone / iPod touch / iPad. The list of recorded contents in the VIERA TV is displayed on the iPad for controlling playback on the VIERA TV. Drive selection Select the drive that contains the desired content. Contents selection Select the desired content. Operations and on-screen icons may differ depending on the selected content. Fine adjustment of picture of the VIERA TV can be made easily with the iPhone / iPod touch / iPad. * Note that these are advanced adjustment requiring special knowledge. The list of applications in the VIERA TV is displayed on the iPhone / iPod touch / iPad to control application of the applications. Sensitivity of Pad Control can be adjusted.The help icon allows you to access the customer support site of this application. You can select / switch the VIERA TV for operation. Close TV Anywhere (TV Anytime) Remote Sharing PadControlCursor operation Wheel operation Gesture operation Remote Control Keyboard Gamepad Swipe&ShareSharing live TV programme or TV programmes recorded on the USB-HDD with the VIERA TV Sharing the contents in the SD Card or USB Flash Memory connected to the VIERA TV Copying photos and videos taken with the iOS device to the SD Card or USB Flash Memory connected to the VIERA TV Playing photos and videos taken with the iOS device / music provided by iTunes on the VIERA TV Web Browser Remote Play*1 Smart Calibration App Launcher
